PREFACE

Reasons for Issuing Auditing Standard ASA 101 *Preamble to Australian Auditing Standards*

The Auditing and Assurance Standards Board (AUASB) issues Auditing Standard ASA 101 *Preamble to Australian Auditing Standards* pursuant to the requirements of the legislative provisions and the Strategic Direction explained below.

The AUASB is an independent statutory board of the Australian Government established under section 227A of the *Australian Securities and Investments Commission Act 2001*, as amended (ASIC Act). Under section 336 of the *Corporations Act 2001*, the AUASB may make Auditing Standards for the purposes of the corporations legislation. These Auditing Standards are legislative instruments under the *Legislative Instruments Act 2003*.

Under the Strategic Direction given to the AUASB by the Financial Reporting Council (FRC), the AUASB is required to have regard to any programme initiated by the International Auditing and Assurance Standards Board (IAASB) for the revision and enhancement of the International Standards on Auditing (ISAs) and to make appropriate consequential amendments to the Australian Auditing Standards. Accordingly, the AUASB has decided to revise and redraft the Australian Auditing Standards using the equivalent redrafted ISAs. The revised Australian Auditing Standards are operative for engagements with financial reporting periods commencing on or after 1 January 2010; and for firms required to establish systems of quality control by 1 January 2010.

ASA 101 *Preamble to Australian Auditing Standards*

As the Australian Auditing Standards are legally enforceable, the AUASB considers it necessary for an interpretive document to form part of the suite of standards. The purpose of ASA 101 *Preamble to Australian Auditing Standards* is to deal with matters that are additional to those dealt with elsewhere in the Australian Auditing Standards.

Auditing Standard ASA 101
Preamble to Australian Auditing Standards

ASA 101 does not replace or amend ASA 100 *Preamble to AUASB Standards*, which continues to be applicable to all AUASB standards other than:

- the Australian Auditing Standards operative for engagements with financial reporting periods commencing on or after 1 January 2010; and
- the Auditing Standard for firms required to establish systems of quality control by 1 January 2010.

ASA 101 relates to the Australian legislative environment and accordingly, there is no equivalent ISA.

Main Features

This Auditing Standard sets out mandatory components additional to those found elsewhere in the Australian Auditing Standards.

This Auditing Standard:

- (a) sets out the authority of paragraphs in Australian Auditing Standards;
- (b) lists those parts of the *Corporations Act 2001* to which the “Application” paragraph in each Auditing Standard refers; and
- (c) describes the circumstances when an auditor need not document the reasons why a requirement is not relevant.

AUTHORITY STATEMENT

The Auditing and Assurance Standards Board (AUASB) makes this Auditing Standard ASA 101 *Preamble to Australian Auditing Standards* pursuant to section 227B of the *Australian Securities and Investments Commission Act 2001* and section 336 of the *Corporations Act 2001*.

This Auditing Standard is to be read in conjunction with the Australian Auditing Standards, operative on and after 1 January 2010.

Dated: 27 October 2009
