PREFACE

Reasons for Issuing ED 00/00

The Auditing and Assurance Standards Board (AUASB) is proposing to issue Auditing Standard ASA 101 *Preamble to Australian Auditing Standards (Revised and Redrafted)* pursuant to the requirements of the legislative provisions and the Strategic Direction explained below.

The AUASB is an independent statutory board of the Australian Government established under section 227A of the *Australian Securities and Investments Commission Act 2001*, as amended (ASIC Act). Under section 336 of the *Corporations Act 2001*, the AUASB may make Australian Auditing Standards for the purposes of the corporations legislation. These Auditing Standards are legislative instruments under the *Legislative Instruments Act 2003*.

The International Auditing and Assurance Standards Board (IAASB), an independent standard-setting board of the International Federation of Accountants (IFAC), has undertaken a programme to redraft, in “clarity” format, the entire suite of International Standards on Auditing (ISAs). Furthermore, the IAASB has also redrafted International Standard on Quality Control 1 (ISQC 1) in clarity format. In some cases, and in accordance with normal practice, the IAASB standards have been revised in addition to being redrafted. The redrafted ISAs are effective for audits of financial statements for periods beginning on or after 15 December 2009. Systems of quality control in compliance with the redrafted ISQC 1 are required to be established by 15 December 2009.

Under the Strategic Direction given to the AUASB by the Financial Reporting Council (FRC), the AUASB is required to have regard to any programme initiated by the IAASB for the revision and enhancement of ISAs and to make appropriate consequential amendments to the Australian Auditing Standards. Accordingly, the AUASB has decided to revise and redraft the Australian Auditing Standards using the equivalent IAASB standards.

Proposed Auditing Standard ASA 101
Preamble to Australian Auditing Standards (Revised and Redrafted)

Main Proposals

This proposed Auditing Standard establishes mandatory Requirements and provides Application and Other Explanatory Material regarding the intentions of the Auditing and Assurance Standards Board (AUASB), as to how the Australian Auditing Standards, operative on or after 1 January 2010, are to be understood, interpreted and applied.

Proposed Operative Date

It is intended that this proposed Auditing Standard will be operative for financial reporting periods commencing on or after 1 January 2010.

New Auditing Standard

This proposed Auditing Standard is a new pronouncement of the AUASB and accordingly does not supersede a pre-existing Auditing Standard.

Request for Comments

Comments are invited on this Exposure Draft of the proposed issuance of Auditing Standard ASA 101, *Preamble to Australian Auditing Standards* by no later than 30 June 2009. The AUASB is seeking comments from respondents on the following questions:

1. Have applicable laws and regulations been appropriately addressed in the proposed standard?
2. Are there any references to relevant laws or regulations that have been omitted?
3. Are there any laws or regulations that may, or do, prevent or impede the application of the proposed standard, or may conflict with the proposed standard?
4. What, if any, are the significant costs to/benefits for auditors and the business community arising from compliance with the Requirements of this proposed Auditing Standard? If there are significant costs, do these outweigh the benefits to the users of audit services?
5. Are there any other significant public interest matters that constituents wish to raise?

Proposed Auditing Standard ASA 101
Preamble to Australian Auditing Standards (Revised and Redrafted)

The AUASB prefers that respondents express a clear opinion on whether the proposed Auditing Standard, as a whole, is supported and that this opinion be supplemented by detailed comments, whether supportive or critical, on the above matters. The AUASB regards both supportive and critical comments as essential to a balanced review of the Auditing Standard.

AUASB Information Note

The AUASB has not completed its project to revise and redraft the Australian Auditing Standards. While all efforts have been made to incorporate all relevant known matters into this WORKING DOCUMENT, readers are advised that the AUASB may decide to make further amendments and other editorial changes.
