PREFACE

Reasons for Issuing ED 01/11

The Auditing and Assurance Standards Board (AUASB) is proposing to issue Auditing Standard ASA 2011-1 *Amendments to Australian Auditing Standards* pursuant to the requirements of the legislative provisions and the Strategic Direction explained below.

The AUASB is an independent statutory board of the Australian Government established under section 227A of the *Australian Securities and Investments Commission Act 2001*, as amended (ASIC Act). Under section 336 of the *Corporations Act 2001*, the AUASB may make Auditing Standards for the purposes of the corporations legislation. These Auditing Standards are legislative instruments under the *Legislative Instruments Act 2003*.

Under the Strategic Direction given to the AUASB by the Financial Reporting Council (FRC), the AUASB is required, inter alia, to develop auditing standards that have a clear public interest focus and are of the highest quality.

Proposed Auditing Standard ASA 2011-1
Amendments to Australian Auditing Standards

Main Proposals

This proposed Auditing Standard makes amendments to other Auditing Standards. Principally, the amendments comprise:

1. Consequential changes necessary to acknowledge issuance, by the Accounting Professional and Ethical Standards Board, of APES 110 *Code of Ethics for Professional Accountants*, in December 2010; and
2. Editorial amendments made by the AUASB.

The amendments do not have an impact on the requirements of the amended Auditing Standards.

Important Notes:

1. Amendments to example letters and example auditor's reports contained within the appendices of the relevant Auditing Standards, are identified in this Exposure Draft by a **right-side border**.
2. Amendments are identified as marked-up changes in this exposure draft—new text is underlined and deleted text is ~~struck through~~.

Formatted: Strikethrough

Proposed Operative Date

It is intended that this proposed Auditing Standard will be operative for financial reporting periods commencing on or after 1 July 2011. Early adoption is permitted.

New Auditing Standard

This proposed Auditing Standard is a new pronouncement of the AUASB and accordingly does not supersede a pre-existing Auditing Standard.

Request for Comments

Comments are invited on this Exposure Draft of the proposed issuance of ASA 2011-1 Amendments to Australian Auditing Standards by no later than 23 May 2011.

Proposed Auditing Standard ASA 2011-1
Amendments to Australian Auditing Standards

The AUASB prefers that respondents express a clear opinion on whether the proposed Auditing Standard, as a whole, is supported and that this opinion be supplemented by detailed comments, whether supportive or critical. The AUASB regards both supportive and critical comments as essential to a balanced review of the Auditing Standard and will consider all submissions.

Specific Matters for Comment

In particular, the AUASB is seeking comments from respondents on the following questions relating to proposed amendments to the Auditing Standards (“clarity” versions issued by the AUASB in October 2009):

1. Are there any additional editorial amendments to any of the Auditing Standards (“clarity” versions) that should be included in this amending standard?
2. Have applicable laws and regulations been appropriately addressed in the proposed standard?
3. Are there any references to relevant laws or regulations that have been omitted?
4. Are there any laws or regulations that may, or do, prevent or impede the application of the proposed standard, or may conflict with the proposed standard?
5. What, if any, are the additional significant costs to/benefits for auditors and the business community arising from compliance with the requirements of this proposed Auditing Standard? If there are significant costs, do these outweigh the benefits to the users of audit services?
6. Are there any other significant public interest matters that constituents wish to raise?
