Reasons for Issuing Auditing Standard ASA 800 *Special Considerations – Audits of Financial Reports Prepared in Accordance with Special Purpose Frameworks (Revised and Redrafted)*

The Auditing and Assurance Standards Board (AUASB) issues Auditing Standard ASA 800 *Special Considerations – Audits of Financial Reports Prepared in Accordance with Special Purpose Frameworks* pursuant to the requirements of the legislative provisions and the Strategic Direction explained below.

The AUASB is an independent statutory board of the Australian Government established under section 227A of the *Australian Securities and Investments Commission Act 2001*, as amended (ASIC Act). Under section 336 of the *Corporations Act 2001*, the AUASB may make Australian Auditing Standards for the purposes of the corporations legislation. These Auditing Standards are legislative instruments under the *Legislative Instruments Act 2003*.

Under the Strategic Direction given to the AUASB by the Financial Reporting Council (FRC), the AUASB is required to have regard to any programme initiated by the IAASB for the revision and enhancement of the ISAs and to make appropriate consequential amendments to the Australian Auditing Standards. Accordingly, the AUASB has decided to revise and redraft the Australian Auditing Standards using the equivalent redrafted ISAs.

Introduction

Scope of this ASA

1. The Australian Auditing Standards in the ASA 100 - ASA 700 series apply to an audit of a financial report, or a complete set of financial statements. This Auditing Standard deals with special considerations in the application of those Australian Auditing Standards to an audit of a financial report or a complete set of financial statements prepared in accordance with a special purpose framework.
2. This Auditing Standard is written in the context of a financial report, or a complete set of financial statements, prepared in accordance with a special purpose framework. ASA 805 (Revised and

Accordance with Special Purpose Frameworks (Revised and Redrafted)

Redrafted)¹ deals with special considerations relevant to an audit of a single financial statement or of a specific element, account, or item of a financial statement.

3. This Auditing Standard does not override the requirements of the other Australian Auditing Standards; nor does it purport to deal with all special considerations that may be relevant in the circumstances of the engagement.

Effective Date

4. [Deleted by the AUASB. Refer Aus 0.3]

Objective

5. The objective of the auditor, when applying Australian Auditing Standards in an audit of a financial report prepared in accordance with a special purpose framework, is to address appropriately the special considerations that are relevant to:

- (a) The acceptance of the engagement;
- (b) The planning and performance of that engagement; and
- (c) Forming an opinion and reporting on the financial report.

Definitions

6. For the purposes of the Australian Auditing Standards, the following terms have the meanings attributed below:

- (a) [Deleted by AUASB. Refer Aus 6.1]
- (b) Special purpose framework means a financial reporting framework designed to meet the financial information needs of specific users. The financial reporting framework may be a fair presentation framework or a compliance framework.² (Ref: Para. A1-A4)

¹ See ASA 805 (Revised and Redrafted), *Special Considerations—Audits of Single Financial Statements and Specific Elements, Accounts or Items of a Financial Statement*.

Auditing Standard ASA 800
Special Considerations – Audits of Financial Reports Prepared in
Accordance with Special Purpose Frameworks (Revised and Redrafted)

Aus 6.1 Special purpose financial report means a complete set of financial statements, including the related notes, and where applicable, directors' declaration (or a declaration by those responsible for the financial report) about the statements and notes, prepared in accordance with a special purpose framework. The related notes ordinarily comprise a summary of significant accounting policies and other explanatory information. The requirements of the applicable financial reporting framework* determine what constitutes a complete set of financial statements in accordance with a special purpose framework. (Ref: Para A4)

7. [Deleted by AUASB. Refer Aus 7.1]

Aus 7.1 A reference to "financial report" in this Auditing Standard is also taken to include a "complete set of financial statements."

Requirements

Considerations When Accepting the Engagement

Acceptability of the Financial Reporting Framework

8. ASA 210 (Revised and Redrafted) requires the auditor to determine the acceptability of the financial reporting framework applied in the preparation of the financial report.³ In an audit of a special purpose financial report, the auditor shall obtain an understanding of:

- (a) The purpose for which the financial report is prepared;
- (b) The intended users; and
- (c) The steps taken by management to determine that the applicable financial reporting framework is acceptable in the circumstances. (Ref: Para. A5-A8)

Considerations When Planning and Performing the Audit

9. ASA 200 (Revised and Redrafted) requires the auditor to comply with all Australian Auditing Standards relevant to the audit.⁴ In

* See for example, *the Corporations Act 2001* or Australian Accounting Standards.

³ See ASA 210 (Revised and Redrafted), *Agreeing the Terms of Audit Engagements*, paragraph 6(a).

⁴ See ASA 200 (Revised and Redrafted), paragraph 18.

planning and performing an audit of a special purpose financial report, the auditor shall determine whether application of the Australian Auditing Standards requires special consideration in the circumstances of the engagement. (Ref: Para. A9-A12)

10. ASA 315 (Revised and Redrafted) requires the auditor to obtain an understanding of the entity's selection and application of accounting policies.⁵ In the case of a financial report prepared in accordance with the provisions of a contract, the auditor shall obtain an understanding of any significant interpretations of the contract that management made in the preparation of that financial report. An interpretation is significant when adoption of another reasonable interpretation would have produced a material difference in the information presented in the financial report.

Forming an Opinion and Reporting Considerations

11. When forming an opinion and reporting on a special purpose financial report, the auditor shall apply the requirements in ASA 700 (Revised and Redrafted).⁶ (Ref: Para. A13)

Description of the Applicable Financial Reporting Framework

12. ASA 700 (Revised and Redrafted) requires the auditor to evaluate whether the financial report adequately refers to, or describes the applicable financial reporting framework.⁷ In the case of a financial report prepared in accordance with the provisions of a contract, the auditor shall evaluate whether the financial report adequately describes any significant interpretations of the contract on which the financial report is based.
13. ASA 700 (Revised and Redrafted) deals with the form and content of the auditor's report. In the case of an auditor's report on a special purpose financial report:
- (a) The auditor's report shall also describe the purpose for which the financial report is prepared and, if necessary, the intended users, or refer to a note in the special purpose financial report that contains that information; and

- (b) If management has a choice of financial reporting frameworks in the preparation of such a financial report, the explanation of management's⁸ responsibility for the financial report shall also make reference to its responsibility for determining that the applicable financial reporting framework is acceptable in the circumstances.

Alerting Readers that the Financial Report is Prepared in Accordance with a Special Purpose Framework

14. The auditor's report on the special purpose financial report shall include an Emphasis of Matter paragraph alerting users of the auditor's report that the financial report is prepared in accordance with a special purpose framework and that, as a result, the financial report may not be suitable for another purpose. The auditor shall include this paragraph under an appropriate heading. (Ref: Para. A14-A15)

⁸ Or other term that is appropriate in the context of the legal framework in the particular jurisdiction.

Application and Other Explanatory Material

Definition of Special Purpose Frameworks (Ref: Para. 6)

A1. Examples of special purpose frameworks are:

- A tax basis of accounting for a financial report that accompany an entity's tax return;
- The cash receipts and disbursements basis of accounting for cash flow information that an entity may be requested to prepare for creditors;
- The financial reporting provisions established by a regulator to meet the requirements of that regulator; or
- The financial reporting provisions of a contract, such as a bond indenture, a loan agreement, or a project grant.

Aus A1.1 In Australia, the *Corporations Act 2001*^{*}, Australian Accounting Standards^{**}, or other applicable laws, regulations or specific users determine if a financial report is required to be prepared. Australian Accounting Standards provide the applicable financial reporting framework for determining if the entity is a 'reporting entity' or a 'non-reporting entity' and consequently if the financial report is required to be general purpose or special purpose. For 'reporting entities' preparing a financial report in accordance with the *Corporations Act 2001*, the framework is ordinarily general purpose. For "non-reporting entities" preparing a financial report in accordance with the *Corporations Act 2001*, the framework is able to be general or special purpose.[†]

A2. There may be circumstances where a special purpose framework is based on a financial reporting framework established by an authorised or recognised standards setting organisation or by law or regulation, but does not comply with all the requirements of that framework. An example is a contract that requires a financial report to be prepared in accordance with most, but not all, of the Australian

^{*} See Division 1 of Part 2M.3 of the *Corporations Act 2001* for relevant sections.

[†] For example, see ASIC Regulatory Guide 85 *Reporting Requirements for non-reporting entities*.

^{**} For example, refer AASB 101 *Presentation of Financial Statements* or Statement of Accounting Concepts 1 *Definition of the Reporting Entity*.

Accounting Standards. When this is acceptable in the circumstances of the engagement, it is inappropriate for the description of the applicable financial reporting framework in the special purpose financial report to imply full compliance with the financial reporting framework established by the authorised or recognised standards setting organisation or by law or regulation. In the above example of the contract, the description of the applicable financial reporting framework may refer to the financial reporting provisions of the contract, rather than make any reference to the Australian Accounting Standards.

- A3. In the circumstances described in paragraph A2, the special purpose framework may not be a fair presentation framework even if the financial reporting framework on which it is based is a fair presentation framework. This is because the special purpose framework may not comply with all the requirements of the financial reporting framework established by the authorised or recognised standards setting organisation or by law or regulation that are necessary to achieve fair presentation of the financial report.
- A4. A financial report prepared in accordance with a special purpose framework may be the only financial report an entity prepares. In such circumstances, that financial report may be used by users other than those for whom the financial reporting framework is designed. Despite the broad distribution of the financial report in those circumstances, it is still considered to be a financial report prepared in accordance with a special purpose framework under Australian Auditing Standards. The requirements in paragraphs 13-14 are designed to avoid misunderstandings about the purpose for which the financial report is prepared.

Considerations When Accepting the Engagement

Acceptability of the Financial Reporting Framework (Ref: Para. 8)

- A5. In the case of a special purpose financial report, the financial information needs of the intended users are a key factor in determining the acceptability of the financial reporting framework applied in the preparation of the financial report.
- A6. The applicable financial reporting framework may encompass the financial reporting standards established by an organisation that is authorised or recognised to promulgate standards for a special purpose financial report. In that case, those standards will be presumed acceptable for that purpose if the organisation follows an

Auditing Standard ASA 800

Accordance with Special Purpose Frameworks (Revised and Redrafted)

established and transparent process involving deliberation and consideration of the views of relevant stakeholders. In some jurisdictions, law or regulation may prescribe the financial reporting framework to be used by management in the preparation of a special purpose financial report for a certain type of entity. For example, a regulator may establish financial reporting provisions to meet the requirements of that regulator. In the absence of indications to the contrary, such a financial reporting framework is presumed acceptable for a special purpose financial report prepared by such entity.

- A7. Where the financial reporting standards referred to in paragraph A6 are supplemented by legislative or regulatory requirements, ASA 210 (Revised and Redrafted) requires the auditor to determine whether any conflicts between the financial reporting standards and the additional requirements exist, and prescribes actions to be taken by the auditor if such conflicts exist.⁹
- A8. The applicable financial reporting framework may encompass the financial reporting provisions of a contract, or sources other than those described in paragraphs A6 and A7. In that case, the acceptability of the financial reporting framework in the circumstances of the engagement is determined by considering whether the framework exhibits attributes normally exhibited by acceptable financial reporting frameworks as described in Appendix 2 of ASA 210 (Revised and Redrafted). In the case of a special purpose framework, the relative importance to a particular engagement of each of the attributes normally exhibited by acceptable financial reporting frameworks is a matter of professional judgement. For example, for purposes of establishing the value of net assets of an entity at the date of its sale, the vendor and the purchaser may have agreed that very prudent estimates of allowances for uncollectible accounts receivable are appropriate for their needs, even though such financial information is not neutral when compared with financial information prepared in accordance with a general purpose framework.

Considerations When Planning and Performing the Audit (Ref: Para. 9)

- A9. ASA 200 (Revised and Redrafted) requires the auditor to comply with (a) relevant ethical requirements, including those pertaining to independence, relating to financial report audit engagements, and (b) all Auditing Standards relevant to the audit. It also requires the auditor to comply with each requirement of an Australian Auditing

⁹ See ASA 210 (Revised and Redrafted), paragraph 18.

Standard unless, in the circumstances of the audit, the entire Auditing Standard is not relevant or the requirement is not relevant because it is conditional and the condition does not exist; or application of the requirement(s) would relate to classes of transactions, account balances or disclosures that are immaterial. In rare and exceptional circumstances, when there are factors outside the auditor's control that prevent the auditor from complying with a requirement, the auditor where possible, performs appropriate alternative audit procedures.¹⁰

- A10. Application of some of the requirements of the Auditing Standards in an audit of a special purpose financial report may require special consideration by the auditor. For example, in ASA 320 (Revised and Redrafted), judgements about matters that are material to users of the financial report is based on a consideration of the common financial information needs of users as a group.¹¹ In the case of an audit of a special purpose financial report, however, those judgements are based on a consideration of the financial information needs of the intended users.
- A11. In the case of a special purpose financial report, such as those prepared in accordance with the requirements of a contract, management may agree with the intended users on a threshold below which misstatements identified during the audit will not be corrected or otherwise adjusted. The existence of such a threshold does not relieve the auditor from the requirement to determine materiality in accordance with ASA 320 (Revised and Redrafted) for purposes of planning and performing the audit of the special purpose financial report.
- A12. Communication with those charged with governance in accordance with Australian Auditing Standards is based on the relationship between those charged with governance and the financial report subject to audit, in particular, whether those charged with governance are responsible for overseeing the preparation of that financial report. In the case of a special purpose financial report, those charged with governance may not have such a responsibility; for example, when the financial information is prepared solely for management's use. In such cases, the requirements of ASA 260 (Revised and Redrafted)¹² may not be relevant to the audit of the

¹⁰ See ASA 200 (Revised and Redrafted), paragraphs 14, 18 and Aus 22.1 and Aus 23.1.

special purpose financial report, except when the auditor is also responsible for the audit of the entity's general purpose financial report or, for example, has agreed with those charged with governance of the entity to communicate to them relevant matters identified during the audit of the special purpose financial report.

Forming an Opinion and Reporting Considerations (Ref: Para. 11)

- A13. The Appendix to this Auditing Standard contains illustrations of auditors' reports on the special purpose financial report.

Alerting Readers that the Financial Report is Prepared in Accordance with a Special Purpose Framework (Ref: Para. 14)

- A14. The special purpose financial report may be used for purposes other than that for which it was intended. For example, a regulator may require certain entities to place the special purpose financial report on public record. To avoid misunderstandings, the auditor alerts users of the auditor's report that the financial report is prepared in accordance with a special purpose framework and, therefore, may not be suitable for another purpose.

Restriction on Distribution or Use (Ref: Para. 14)

- A15. In addition to the alert required by paragraph 14, the auditor may consider it appropriate to indicate that the auditor's report is intended solely for the specific users. Depending on the law or regulation of the particular jurisdiction, this may be achieved by restricting the distribution or use of the auditor's report. In these circumstances, the paragraph referred to in paragraph 14 may be expanded to include these other matters, and the heading modified accordingly.

We have audited the accompanying financial report of ABC Entity, which comprise the balance sheet as at 30 June, 20X1, and the income statement, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information. The financial report has been prepared by the management of ABC Entity based on the financial reporting provisions of Section Z of the contract dated January 1, 20X1 between ABC Entity and DEF Company (“the contract”).

Auditing Standard ASA 800
Special Considerations – Audits of Financial Reports Prepared in
Accordance with Special Purpose Frameworks (Revised and Redrafted)

Management’s¹³ Responsibility for the Financial Report

Management is responsible for the preparation of this financial report in accordance with the financial reporting provisions of Section Z of the contract; and for such internal control as management determines is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error. Note X to the financial report describes the basis of accounting that management have selected in the preparation of the financial report.

Auditor’s Responsibility

Our responsibility is to express an opinion on this financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial report of ABC Entity for the year ended 30 June, 20X1 is prepared, in all material respects, in accordance with the financial reporting provisions of Section Z of the contract.

Basis of Accounting and Restriction on Distribution and Use

Without modifying our opinion, we draw attention to Note X to the financial report, which describes the basis of accounting. The financial report is prepared to assist ABC Entity to comply with the financial reporting

provisions of the contract referred to above. As a result, the financial report may not be suitable for another purpose. Our report is intended solely for ABC Entity and DEF Company and should not be distributed to or used by parties other than ABC Entity or DEF Company.

report that is free from material misstatement, whether due to fraud or error. Note X to the financial report describes the basis of accounting that management have selected in the preparation of the financial report.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. In making those risk assessments, the auditor considers internal control relevant to the partnership's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the partnership's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial report of ABC Partnership for the year ended 30 June, 20X1 is prepared, in all material respects, in accordance with [describe the applicable income tax law].
