Auditing and Assurance Standards Board

Explanatory Statement

Reasons for Issuing ASA 510 *Initial Engagements - Opening Balances*

The Auditing and Assurance Standards Board (AUASB) issues Auditing Standard ASA 510 *Initial Engagements - Opening Balances* due to the requirements of the legislative provisions explained below.

The *Corporate Law Economic Reform Program (Audit Reform and Corporate Disclosure) Act 2004* established the AUASB as an independent statutory body under section 227A of the *Australian Securities and Investments Commission Act 2001*, as from 1 July 2004. Under section 336 of the *Corporations Act 2001*, the AUASB may make Auditing Standards for the purposes of the corporations legislation. These Auditing Standards are legislative instruments under the *Legislative Instruments Act 2003*.

Process of making Auditing Standards

Section 1455 of the *Corporations Act 2001* and *Corporations Regulation 10.5.01* gave interim legal endorsement from 1 July 2004 to the majority of Auditing Standards made by the former Auditing & Assurance Standards Board of the Australian Accounting Research Foundation. The AUASB has reviewed the Auditing Standards and has proceeded to make them as legally enforceable Auditing Standards under the *Corporations Act 2001*.

The Auditing Standards have been made also in accordance with the Financial Reporting Council's Strategic Direction to the AUASB dated 6 April 2005, pursuant to section 225 of the *ASIC Act*.

The Strategic Direction, *inter alia*, provides that the AUASB develops Auditing Standards that:

- have a clear public interest focus and are of the highest quality;
- use the International Standards on Auditing (ISAs) of the International Auditing and Assurance Standards Board (IAASB) as a base;
- conform with the Australian regulatory environment; and
- are capable of enforcement.

In implementing the Strategic Direction, the AUASB has undertaken a process of thorough review and revision that has:

- addressed the enforceability of mandatory requirements;
- clarified auditors' obligations under the Auditing Standards;
- provided for sector neutrality in the Auditing Standards; and
- included other amendments as necessary.

Purpose of Auditing Standard ASA 510 *Initial Engagements - Opening Balances*

The purpose of Auditing Standard ASA 510 is to establish mandatory requirements and to provide explanatory guidance regarding opening balances when the financial report is audited for the first time or when the financial report for the prior period was audited by another auditor.

Auditing Standard ASA 510 is to be read in conjunction with the *Preamble to AUASB Standards*, which sets out the intentions of the AUASB on how the Auditing Standards are to be understood, interpreted and applied.

Operative Date

This Auditing Standard is operative for financial reporting periods commencing on or after 1 July 2006.

Main changes from Auditing Standard AUS 510 (July 2002) *Initial Engagements - Opening Balances*

The main differences between ASA 510 and AUS 510 are that in ASA 510:

1. The word 'shall', in the **bold-type** paragraphs, is the terminology used to describe an auditor's mandatory requirements, whereas an auditor's degree of responsibility is described in AUS 510 by the word 'should'.
2. The explanatory paragraphs provide guidance and illustrative examples to assist the auditor in fulfilling the mandatory requirements, whereas in AUS 510 some obligations are implied within certain explanatory paragraphs. Accordingly, such paragraphs have been redrafted to clarify that the matter forms part of the explanatory guidance.
3. The following additional specific mandatory requirement is included:
 - (a) if a modification regarding the prior period's financial report remains relevant and material to the current period's financial report, the auditor shall modify the current auditor's report accordingly (paragraph 19).
4. Appendix 1 contains examples of modified auditor's reports.
