Reasons for Issuing Auditing Standard ASA 2007-1 Amendments to Australian Auditing Standards

The Auditing and Assurance Standards Board (AUASB) issues Auditing Standard ASA 2007-1 Amendments to Australian Auditing Standards pursuant to the requirements of the legislative provisions explained below.

The Corporate Law Economic Reform Program (Audit Reform and Corporate Disclosure) Act 2004 (the CLERP 9 Act) established the AUASB as an independent statutory body under section 227A of the Australian Securities and Investments Commission Act 2001, as from 1 July 2004. Under section 336 of the Corporations Act 2001, the AUASB may make Auditing Standards for the purposes of the corporations legislation. These Auditing Standards are legislative instruments under the Legislative Instruments Act 2003.

Auditing Standards Amended by ASA 2007-1

This Auditing Standard makes amendments to the following Australian Auditing Standards:

1. ASA 200 Objective and General Principles Governing an Audit of a Financial Report
2. ASA 210 Terms of Audit Engagements
3. ASA 510 Initial Engagements – Opening Balances
4. ASA 570 Going Concern
6. ASA 701 Modifications to the Auditor’s Report
7. ASA 710 Comparatives
8. ASA 800 The Auditor’s Report on Special Purpose Audit Engagements
Auditing Standard ASA 2007-1 Amendments to Australian Auditing Standards

These amendments arise from:

(a) A request by the Financial Reporting Council (FRC) to the AUASB to consider making an amendment to the Auditing Standards to require a statement in the auditor’s report on an entity’s compliance with International Financial Reporting Standards (IFRSs), which will further enhance the recognition of compliance with IFRSs in Australian financial reports; and

(b) The need to remove potential ambiguity in describing the responsibilities of Those Charged with Governance in an auditor’s report, in relation to establishing and maintaining internal controls relevant to the preparation and presentation of the financial report.

The primary amendments are to ASA 700 The Auditor’s Report on a General Purpose Financial Report. They give rise to consequential amendments to one paragraph in ASA 200 and example letters and auditor’s reports contained within other existing Auditing Standards that are identified in this amending Standard.

Main Features

This Standard:

(a) Establishes a mandatory requirement, in ASA 700, for auditors to state that in the auditor’s opinion, the financial report complies with IFRSs when the entity has made an explicit and unreserved statement of compliance with IFRSs in accordance with Accounting Standard AASB 101 Presentation of Financial Statements; and

(b) Provides illustrations of the form and content of reporting in example auditor’s reports.

The mandatory requirement relates solely to new auditor reporting obligations (applicable from the operative date below) and does not impose audit procedures additional to pre-existing audit procedures that an auditor would perform when an entity has made a statement of compliance with IFRSs under AASB 101.
Operative Date

This Auditing Standard is operative for auditor’s reports signed and dated on or after 1 July 2007.
AUTHORITY STATEMENT

The Auditing and Assurance Standards Board (AUASB) makes Auditing Standard ASA 2007-1 Amendments to Australian Auditing Standards as set out in paragraphs 1 to 34 and Schedule A, pursuant to section 227B of the Australian Securities and Investments Commission Act 2001 and section 336 of the Corporations Act 2001.

This Auditing Standard is to be read in conjunction with the Preamble to AUASB Standards, which sets out the intentions of the AUASB on how the Auditing Standards are to be understood, interpreted and applied.

The mandatory requirements of this Auditing Standard are set out in bold-type paragraphs.
