STANDARD ON ASSURANCE ENGAGEMENTS ASAE 3XXX

Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

Application

- 1 This Standard on Assurance Engagements applies to engagements where the auditor of an entity is requested to issue a comfort letter to an underwriter and other requesting parties in connection with international offerings and similar international transactions.

Operative Date

- 2 This Standard on Assurance Engagements (ASAE) is operative for engagements relating to the issuance of comfort letters by the auditors in connection with international offerings and similar international transactions that commence on or after [insert date].

Introduction

Scope

- 3 This ASAE deals with the responsibilities of the auditor of an entity in engagements where the auditor has been requested to issue a comfort letter by an underwriter and other requesting parties in connection with international offerings and similar international transactions.

International Offerings and Similar International Transactions Covered by this ASAE

International Public Offerings

- 4 Engagements involving the issuance of comfort letters are ordinarily undertaken by the auditor of an entity incorporated in Australia, which offers its equity or debt securities to the public in the international market. When the entity undertakes an international offering, it engages the services of an underwriter who assists in the listing of its securities on an international stock exchange. Such an international public offering (IPO) is ordinarily made through an offering document in the form of a prospectus.

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

- 5 Law or regulation in many jurisdictions require those charged with governance of the entity undertaking the IPO and the underwriter to ensure that the prospectus contains adequate disclosures regarding the proposed offering, and that it does not contain misleading information. In view of this, the underwriter performs a due diligence investigation of the entity's affairs to comply with such an obligation. This investigation provides the underwriter with a due diligence defence that it has reasonable grounds to believe that the prospectus does not contain misleading information.
- 6 As part of its due diligence investigation, the underwriter ordinarily requests the auditor of the entity to perform certain procedures on selected information disclosed in the entity's prospectus and report results by way of issuing a comfort letter. The underwriter's request is ordinarily made through the entity, and the auditor's agreement to undertake the engagement is both with the underwriter and those charged with governance of the entity.
- 7 The comfort letter is not included in the offering document as it is a private report of the auditor to the underwriter, those charged with governance of the entity and other requesting parties.
- 8 An IPO may be made in a single overseas jurisdiction, or it may be a cross-border offering. This ASAE applies to both types of IPOs.

Similar International Transactions

- 9 In addition to IPOs, the auditor of an Australian entity may also be requested to issue a comfort letter in respect of similar international transactions, as follows:
- (a) Overseas private placements of equity or debt securities;
 - (b) Offerings of debt securities that are issued or backed by government entities in overseas jurisdictions; and
 - (c) Acquisition of, or merger with, another entity domiciled in an overseas jurisdiction, where there is an exchange of equity shares between the two entities.
- 10 The international transactions in paragraph 9(a) to (c) are ordinarily exempt from the registration requirements under the applicable laws and regulations of many overseas jurisdictions. This ASAE applies to comfort letter engagements in connection with the above international transactions regardless of whether or not they are

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

exempt from the registration requirements of an overseas jurisdiction's applicable laws and regulations.

Domestic Offerings

- 11 The due diligence investigation process for equity and debt securities offerings undertaken solely in Australia (“domestic offerings”) is different compared to many overseas jurisdictions. In Australia, the auditor does not ordinarily issue comfort letters in relation to domestic offerings. Instead, an assurance practitioner ordinarily performs a limited assurance engagement and issues an Investigating Accountant’s Report (IAR) on financial information included in an offering document for a domestic offering. Notwithstanding this, this ASAE applies to engagements wherein the auditor has been requested to issue a comfort letter in connection with domestic offerings.

Relationship with the Standards of Other Jurisdictions

- 12 This ASAE acknowledges that overseas jurisdictions may have their own applicable standards for comfort letter engagements. In certain circumstances, the auditor may be requested to perform and report on the comfort letter engagement in accordance with the standard of the overseas jurisdiction where the international offering is being undertaken. For example, the auditor may need to undertake the engagement in accordance with the overseas jurisdiction’s standard to comply with the legal or regulatory framework of such overseas jurisdiction. In these circumstances, the auditor needs to comply with the requirements in paragraphs ___ of this ASAE.

Objectives

- 13 The objectives of the auditor are:
- (a) in respect of the unaudited interim financial statements:
 - (i) to plan and review the unaudited interim financial statements in accordance with ASRE 2410 *Review of Interim and Other Financial Reports Performed by the Independent Auditor*; and
 - (ii) to conclude in the comfort letter as to whether anything has come to the auditor’s attention which causes the auditor to believe that material modifications should be made to the unaudited

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

interim financial statements for them to be presented in conformity with the applicable financial reporting framework;

- (b) in respect of the selected financial information during the change period:
 - (i) to plan and perform the assurance procedures specified by the requesting parties; and
 - (ii) to report in the comfort letter as to whether anything has come to the auditor's attention which causes the auditor to believe that there are changes, increases or decreases in the selected financial information during the change period, as compared to the unaudited interim financial statements or the corresponding period in the preceding year;

and

- (c) in respect of other financial information:
 - (i) to plan and perform the assurance procedures specified by the requesting parties on other financial information; and
 - (ii) to report on factual findings in the comfort letter.

Definitions

- 14 For purposes of this ASAE, the following terms have the meanings attributed below:
- (a) Specified assurance procedures means assurance procedures carried out by the auditor in a comfort letter engagement, which specified by the requesting parties. The auditor does not determine whether the extent of the specified assurance procedures is sufficient for the purposes of the requesting parties in a comfort letter engagement.
 - (b) Assurance procedures means procedures conducted by the auditor to evaluate or measure a subject matter against an applicable criteria. Assurance procedures may include management enquiries and other substantive procedures.

Standard on Assurance Engagements ASAE 3XXX

- (c) Applicable criteria means the criteria used by the responsible party in the preparation of the financial information included in the offering document. The criteria used depends on the nature of the financial information.
- (d) Applicable financial reporting framework means the financial reporting framework adopted by management and, where appropriate, those charged with governance in the preparation of the offering document that is acceptable in view of the nature of the entity and the objective of the offering document or that is required by law or regulation. In Australia, applicable financial reporting frameworks that may be used in preparing such financial information are represented by the Australian Accounting Standards; as well as relevant law, such as the *Corporations Act 2001* or other relevant law that may be applicable to other entities.
- (e) Assurance engagement means an engagement in which the auditor expresses a conclusion designed to enhance the degree of confidence of the underwriter and other requesting parties (other than the responsible party) about the reliability of information disclosed in the offering document, which is the subject of the comfort letter and evaluated under a suitable criteria.
- (f) Assurance engagement risk means the risk that the auditor expresses an inappropriate conclusion when the financial information that is the subject matter of the comfort letter is materially misstated.
- (g) Auditor means the person or persons conducting the audit, usually the engagement partner or other members of the engagement team, or, as applicable, the firm. The auditor may be an incoming or existing auditor.
- (h) Bring down comfort letter means a letter prepared by the auditor of the entity, subsequent to the issuance of an initial comfort letter, updating the procedures described in the previously issued comfort letter to a certain date, usually prior to the closing date of the offering. Its purpose is to state whether the original comfort letter remains valid at the date of the comfort letter.
- (i) Change period means the period after the date of the most recent unaudited or unreviewed interim financial statements

Standard on Assurance Engagements ASAE 3XXX

included in the offering document, and up to the date of the comfort letter procedures being concluded (also referred to as the subsequent period).

- (j) Comfort letter means a letter prepared by the auditor of an entity and issued to requesting parties (for example, the issuing entity who has previously appointed the auditor and an appointed underwriter) in respect of the results of certain procedures performed in connection with a securities offering detailed in an offering document. The comfort letter is typically issued prior to the offering's closing and settlement date. The issuance of the comfort letter is restricted to those parties that have agreed to the procedures to be performed by the auditor, since others, unaware of the reasons for the procedures, may misinterpret the results.
- (k) Comfort letter engagement means an engagement where the auditor issues a comfort letter to requesting parties in connection with international offerings or similar international transactions. In a comfort letter engagement, the requesting parties specify the procedures that the auditor performs and are responsible for determining their sufficiency for the purposes of the engagement.
- (l) Cross-border offering means an offering or listing of a security that occurs in a jurisdiction other than that in which the entity is domiciled, which may or may not occur concurrently in the entity's jurisdiction.
- (m) Domestic offering means an offering that occurs in Australia and covered by Australian laws.
- (n) Due diligence means the process of investigating the entity's affairs to determine and consider the significant risks, rewards, and issues relating to the entity's offering, carried out by the underwriter and other requesting parties before they make a decision regarding such an offering.
- (o) Due diligence defence means a defence that is available under a relevant law or regulation of a jurisdiction, to underwriters and entities, based on their reasonable investigation that the offering document relating to an international public offering does not have material omissions or contain misleading or deceptive information.

Standard on Assurance Engagements ASAE 3XXX

- (q) Existing auditor means the current auditor of the entity who has already performed an audit or review of the entity's financial report, prior to being requested to provide a comfort letter.
- (r) Financial information means financial information that is the subject matter of the comfort letter, on which the auditor, under the terms of the comfort letter engagement, may express either a limited assurance conclusion, or report on factual findings based on the agreed-upon procedures. Financial information included in an offering document is ordinarily in the form of:
- (i) Historical financial information, which means information expressed in financial terms in relation to a particular entity derived primarily from that entity's accounting system about events occurring in past time periods or about conditions or circumstances at points in time in the past. Historical financial information may or may not be audited or reviewed. Examples of historical financial information incorporated in the offering document include:
- Audited or reviewed financial statements¹;
 - Unaudited interim financial statements that will reviewed as part of the comfort letter engagement; and
 - Selected financial information during the change period, for example, net current assets, net assets, total assets, net sales.

¹ The concepts and discussions on what constitutes financial statements relevant to an audit engagement are contained in ASA 200 *Overall Objectives of the Independent Auditor and the Conduct of an Audit in Accordance with Australian Auditing Standards*, paragraph Aus 13.1, and may be helpful in determining the financial statements that may be the subject matter of a comfort letter engagement.

- (ii) Other financial information means financial information other than the financial information listed in paragraph 14(r)(i) of this ASAE, including forecast financial information and pro forma financial information.
- Forecast financial information means prospective financial information prepared on the basis of assumptions as to future events which the responsible party expects to take place, and the actions the responsible party expects to take as of the date when the financial information is prepared.
 - Pro forma financial information means financial information that is adjusted in accordance with the responsible party's basis of preparation and applicable criteria, to illustrate the effects of an event(s) or transaction(s) on that financial information; assuming that the event(s) or transaction(s) had occurred at an earlier date, a later date, or not at all, during the financial period used for the illustration.
- Pro forma financial information may be historical in nature (pro forma historical financial information) or a forecast in nature (pro forma forecast, which may be a mixture of historical and forecast).
- (s) Financial statements means a structured representation of historical financial information, intended to communicate an entity's economic resources or obligations at a point in time or the changes therein for a period of time in accordance with a financial reporting framework. Under the *Corporations Act 2001*, a complete set of financial statements is required to be prepared in accordance with the Australian Accounting Standards.
- (t) Incoming auditor means an auditor who is newly appointed and has not performed an audit or review of a financial

 - (iii) certain securities transactions covered by specific laws or regulations (for example, exchange of shares of stock in merger transactions).
- (w) Interim financial statements means financial statements for a period shorter than the entity's financial year.

References to "unaudited interim financial statements" in this ASAE pertain to unaudited interim financial statements included in the offering document.

- (x) Limited assurance means the assurance obtained and provided by the auditor in an assurance engagement where the auditor's objective is a reduction in assurance engagement risk to a level that is acceptable in the circumstances of the assurance engagement, but where that risk is greater than for a reasonable assurance engagement, as the basis for a negative form of expression of the auditor's conclusion. A limited assurance engagement is commonly referred to as a review.
- (y) Management means the person(s) with executive responsibility for the conduct of the whole entity's operations or individual business units. For some entities, in some jurisdictions, management includes some or all of

Instead, the securities may be offered through the preparation of an offering memorandum or similar document. A private placement is a form of an exempt offering.
- (gg) Prospectus means a document issued pursuant to legal or regulatory requirements of a jurisdiction relating to the entity's sale or issuance of securities, on which it is intended that investors should make a decision.
- (hh) Prospective financial information means financial information of a predictive character based on assumptions made by the responsible party about future events and on possible actions by the entity.

Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

Application and Other Explanatory Material

Assurance Standards of Overseas Jurisdictions (Ref: Para. __)

- A1. This ASAE recognises that the assurance standards of certain overseas jurisdictions have significantly influenced the manner by which comfort letter engagements have been performed by auditors at the international level. In particular, this ASAE recognises that many of the key concepts and principles of these overseas assurance standards have been adopted by Australian auditors when performing comfort letter engagements. On this basis, this ASAE has been written with its underlying principles being substantially consistent with those of overseas assurance standards that have extensively influenced the conduct of comfort letter engagements at the international level.
- A2. Certain overseas jurisdictions use internationally accepted protocols. For example, the guidance issued by the International Capital Market Association (ICMA) is widely used in European jurisdictions.

Requesting Parties (Ref: Para. __)

- A3. In international private placements, or international offerings of debt securities issued or backed by government entities, the requesting party may be a financial intermediary, such as an investment bank acting as an agent in bringing together the seller and the buyer(s). In the case of an international acquisition or merger transaction, the buyer, the seller or both may be the requesting parties. In these international transactions, the auditor may be requested to issue a comfort letter in respect of certain information included in the offering document, which may be an information circular or an offering memorandum.
- A4. This ASAE recognises that the requesting parties in the international transactions described in paragraph A2 may not have the due diligence defence set out in many overseas laws and regulations. This ASAE permits the auditor to issue a comfort letter to such requesting parties only if they provide the auditor with the representation letter that complies with the requirements of this ASAE.

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

Underlying Principles of this ASAE (Ref: Para. __)

- A5. The auditor lends credibility to the information that forms part of the subject matter of the engagement and the comfort letter. It is therefore critical that the statements of the auditor in the comfort letter relate only to matters to which the auditor has professional competence. It would be inappropriate for the auditor to include statements in the comfort letter relating to information subject to legal interpretation, or information that requires scientific interpretation such as engineering data.

Knowledge of Internal Control Over Financial Reporting (Ref: Para. __)

- A6. The auditor is required to have adequate knowledge of the entity's internal control over financial reporting, regardless of whether the auditor is requested to perform limited assurance procedures or specified assurance procedures.
- A7. It would not be appropriate for the auditor to perform procedures on financial information relating to a period for which they did not have knowledge of the entity's internal control over financial reporting. This is particularly true in circumstances where the auditor is an incoming auditor and the offering document included financial information from reporting periods where the entity was audited by an auditor other than the incoming auditor.

Types of Procedures Performed in Comfort Letter Engagements

(Ref: Para. __)

- A8. Comfort letter engagements, by their nature and scope of procedures performed, are ordinarily a combination of:
- (a) limited assurance procedures that enable the auditor to express a limited assurance conclusion on certain financial information included in the offering document. For example, the auditor is ordinarily requested to perform limited assurance procedures and express a limited assurance conclusion on the unaudited interim financial statements included in the offering document;
 - (b) specified assurance procedures determined by the requesting parties in respect of selected financial information during the change period. As a result of these procedures, the auditor makes a statement in the comfort letter as to whether anything has come to their attention

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

relating to any changes, increases or decreases in the selected financial information during the change period; and

- (c) specified assurance procedures determined by the requesting parties in respect of other information included in the offering document, which result in the auditor reporting on factual findings.

A9. The auditor is not responsible for determining the nature and extent of procedures in a comfort letter engagement. The responsibility for determining the sufficiency of the procedures performed by the auditor rests solely on the requesting parties, ordinarily the underwriter in an international public offering.

Subsequent Changes (Ref: Para. ___)

A10. The auditor may be requested to perform specified assurance procedures on selected financial information during the change period. The purpose of these specified assurance procedures is to determine whether there are changes, increases or decreases in the selected financial information during the change period, such as changes in the share capital, increases in long-term debt or decreases in net current assets that occur during the change period. They may also relate to decreases in net sales during the change period as compared to the corresponding period in the preceding year. The auditor does not comment and provide any assurance on the reasons for the changes in the selected financial information.

A11. The assurance procedures that the auditor performs on selected financial information during the change period, as specified by the requesting parties, ordinarily include:

- (a) reading of minutes of meetings of shareholders and those charged with governance during the change period;
- (b) reading of the unaudited or unreviewed financial statements for the change period; and
- (c) enquiry of those charged with governance and its officials who have responsibility for financial reporting matters, as to whether such financial statements have been prepared in accordance with the applicable financial reporting framework used by the entity in preparing and presenting

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

the audited financial statements included in the offering document.

Non-financial information (Ref: Para. __)

- A12. The auditor does not ordinarily provide comments in the comfort letter regarding non-financial information. In rare circumstances, however, the auditor may agree to perform specified assurance procedures and report on factual findings on non-financial information. In these circumstances, the auditor needs to exercise a high degree of professional judgement to determine whether they are able to do so.
- A13. The auditor has to bear in mind that when reporting factual findings on the non-financial information in the comfort letter, the auditor adds a measure of credibility to such information. In most circumstances, the auditor may be requested to perform mechanical procedures on the non-financial information, such as counting, measuring, or observing. The auditor performing the mechanical procedures and reporting on factual findings based on such procedures may be unnecessary, as the requesting parties can obtain the same level of comfort by performing the procedures themselves.
- A14. Examples of non-financial information on which statements from the auditor in the comfort letter may be inappropriate are the proposed use of proceeds from the offering and measurement of floor area of the manufacturing facilities.

The prospectus, as amended on [30 June 20x1], is herein referred to as the prospectus.)

This letter is being furnished in reliance upon your representation to us that:

- a) You are knowledgeable with respect to the due diligence review process that would be performed if this placement of securities were being registered pursuant to the Securities Act of 1933 (the Act).

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

This letter is being furnished in accordance with the terms of the engagement letter dated [XX, 20x1] (the "Engagement Letter"), which have been agreed between us and govern the matters addressed by this comfort letter and its use in connection with the sale of the securities outside of the United States and the letter is also being furnished in connection with the offering of the securities in the United States.

In connection with the prospectus—

1. We are independent certified public accountants with respect to the Issuer under the requirements of the [insert relevant code] issued by [relevant professional body].
2. We have not audited any financial statements of the Issuer as of any date or for any period subsequent to [31 December 20x0]; although we have conducted an audit for the year ended [31 December 20x0], the purpose (and therefore the scope) of the audit was to enable us to express our opinion on the consolidated financial statements as of [31 December 31 20x0], and for the year then ended, but not on the financial statements for any interim period within that year. Therefore, we are unable to and do not express any opinion on the unaudited condensed consolidated balance sheet as of [31 March 20x1], and the unaudited condensed consolidated statements of income, changes in equity, and cash flows for the []-month periods ended [March 31, 20x1 and 20x0], {included in the prospectus,} or on the financial position, results of operations, or cash flows as of any date or for any period subsequent to [31 December 20x0].
3. For purposes of this letter, we have read the [20x1] minutes of meetings of the shareholders, the board of directors, and [include other appropriate committees, if any] of the Issuer and its subsidiaries held since [date of its last published financial statements] as set forth in the minutes books at [23 June 20x1], officials of the Issuer having advised us that the minutes of all such meetings through that date were set forth therein; we have carried out other procedures to [23 June 20x1], as follows (our work did not extend to the period from [24 June 20x1], to [28 June 20x1], inclusive):
 - a) With respect to the [three]-month period ended [31 March 20x1], we have:
 - i) Performed the procedures specified by the [] for a review of interim financial information as described

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

in [], on the unaudited condensed consolidated balance sheet as of [31 March 20x1], and unaudited condensed consolidated statements of income, statement of changes in equity, and cash flows for the [three]-month periods ended [31 March 2006].

- b) With respect to the period from [1 April 20x1], to [31 May 20x1], we have:
 - i) Read the unaudited consolidated financial statements of the Issuer and subsidiaries for [April] and [May] of both [20x0] and [20x1] furnished to us by the Issuer, officials of the Issuer having advised us that no such financial statements as of any date or for any period subsequent to [31 May 20x1], were available.
 - ii) Inquired of certain officials of the Issuer who have responsibility for financial and accounting matters whether the unaudited consolidated financial statements referred to in b(i) are stated on a basis substantially consistent with that of the audited consolidated financial statements included in the prospectus.

The foregoing procedures do not constitute an audit conducted in accordance with [] issued by the []. Also, they would not necessarily reveal matters of significance with respect to the comments in the following paragraph. Accordingly, we make no representations regarding the sufficiency of the foregoing procedures for your purposes.

- 4. Nothing came to our attention as a result of the foregoing procedures, however, that caused us to believe that—
 - i) Any material modifications should be made to the unaudited condensed consolidated financial statements described in 3a(i), {included in the prospectus}, for them to be in conformity with accounting principles generally accepted in [Australia], {except that the detailed disclosure notes required by AASB 134 “Interim Financial Reporting” have not been presented}.
 - ii) At [31 May 20x1], there was any change in the [issued share capital], increase in [long-term debt], or decrease in

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

[net current assets or shareholders' equity] of the consolidated companies as compared with amounts shown in the [31 March 20x1], consolidated balance sheet included in the prospectus, or

- iii) For the period from [1 April 20x1] to [31 May 20x1], there were any decreases, as compared to the corresponding period in the preceding year, in [consolidated turnover or in the total or per-share amounts of profit before taxation], except in all instances for changes, increases, or decreases that the prospectus discloses have occurred or may occur.
5. As mentioned in 3b, Issuer officials have advised us that no consolidated financial statements as of any date or for any period subsequent to [31 May 20x1], are available; accordingly, the procedures carried out by us with respect to changes in financial statement items after [31 May 20x1], have, of necessity, been even more limited than those with respect to the periods referred to in 3. We have inquired of certain officials of the Issuer who have responsibility for financial and accounting matters whether (a) at [23 June 20x1], there was any change in the [issued share capital], increase in [long-term debt] or any decreases in [net current assets or shareholders' equity] of the consolidated companies as compared with amounts shown on the [31 March 20x1], consolidated balance sheet included in the prospectus or (b) for the period from [1 April 20x1], to [23 June 20x1], there were any decreases, as compared with the corresponding period in the preceding year, in [consolidated turnover or in the total or per-share amounts of profit before taxation]. On the basis of these inquiries and our reading of the minutes as described in 3, nothing came to our attention that caused us to believe that there was any such change, increase, or decrease, except in all instances for changes, increases, or decreases that the prospectus discloses have occurred or may occur.
6. For the purposes of this letter we have, at your request, also read the items identified by you on the attached pages of the Prospectus, in respect of which one of the following tests were applied in each case as indicated by the corresponding letter (i.e. reference to the relevant sub-paragraph below) shown against the items:
- [# Compared to the [historical financial information] of the Group for the three-years ended [31 December 20w8, 20w9 and 20x0] as set out on pages [] to [] of the prospectus, as applicable, and found them to be in agreement.

- ^ Compared to and found to be in agreement with the applicable summary schedules which the management of the Company has represented were derived from the accounting records. We have not traced the information to the accounting records themselves.
- π Recomputed the percentages/ratios etc. and found them to be arithmetically accurate. We make no representation as to the appropriateness of the rate applied.]

For purposes of the above symbols, the following definitions apply:

- The phrase “compared” means compared and found to be in agreement unless otherwise noted. Such agreed amounts or percentages are deemed to be in agreement if differences are attributable to rounding.
- The phrase “recomputed” means recalculated to determine mathematical accuracy and compared the result to the amount shown and found the amounts to be in agreement unless otherwise noted. Such recomputed amounts or percentages are deemed to be in agreement if differences are attributable to rounding.

7. Our audit of the consolidated financial statements for the periods referred to in the introductory paragraph of this letter comprised audit tests and procedures deemed necessary for the purpose of expressing an opinion on such financial statements taken as a whole. For none of the periods referred to therein, or any other period, did we perform audit tests for the purpose of expressing an opinion on individual balances of accounts or summaries of selected transactions such as those enumerated above, and, accordingly, we express no opinion thereon.
8. It should be understood that we make no representations regarding questions of legal interpretation or regarding the sufficiency for your purposes of the procedures enumerated in paragraph 6; also, such procedures would not necessarily reveal any material misstatement of the amounts or percentages listed above. Illustration 1: The offering involves the issue of eurobonds in the United Kingdom.

Private and confidential

The Directors [Date]
[Eurobond Issuer]
[Address]

The Lead Manager and the other Managers
(as defined in paragraph 2 below)
[Address]

Dear Sirs

[Proposed] Eurobond Issue by Eurobond Issuer ("the Issuer")

Introduction

1. This arrangement letter sets out the scope and limitations of the work to be performed by us in connection with the above transaction, namely the proposed issue of [] ("the Issue") which will involve the preparation by the Issuer, and for which the Issuer will be solely responsible, of an Offering Circular [in accordance with the Prospectus Directive Regulation]/[Listing Rules of the [relevant] Stock Exchange or other listing authority]. This letter is written in the context of the respective roles of the directors of the Issuer, the Lead Manager ("the Lead Manager"), the other Managers (as defined in Paragraph 2 below) and ourselves.

Addressees

2. This arrangement letter is addressed to the directors of Eurobond Issuer, to the Lead Manager and to each of the managers who have agreed or, prior to the issue of our comfort letter, will agree to

participate in the proposed Issue and who have or, prior to the issue of our comfort letter, will have validly authorised the Lead Manager to sign this arrangement letter on their behalf. Their legal names are set out in Appendix 1 to this arrangement letter and, together with the Lead Manager, are referred to in this arrangement letter as “the Managers”.

3. By signing and accepting the terms of this arrangement letter, the Lead Manager confirms that it will ensure that it receives prima facie authority from each Manager identified in Appendix 1 authorising it to enter into this arrangement letter on the relevant Manager’s behalf. However, the Lead Manager makes no representation as to whether such prima facie authority actually confers the necessary authority.
4. Up to the date of the relevant comfort letter, a Manager may be added to Appendix 1 by the Issuer or by the Lead Manager by written notice to us and the Issuer or the Lead Manager. A Manager may also be deleted from Appendix 1 where the Manager withdraws from the Issue and/or advises the Lead Manager that it does not wish to receive the benefit of the comfort letter or for this arrangement letter to be signed on its behalf or where the Lead Manager does not receive authority to sign this arrangement letter on behalf of the relevant Manager. The revised managers shall then, together with the Lead Manager, be referred to in this arrangement letter as “the Managers”.

Comfort Letter

5. The Lead Manager confirms that, in connection with the proposed Issue, it is aware of guidance relating to due diligence issued by the International Capital Market Association from time to time, which will be followed by it in connection with the proposed issue.
6. Our comfort letter will be provided to the addressees of this letter solely in the context of the due diligence procedures that you undertake, or procure to be undertaken, pursuant to the guidance referred to in Paragraph 5 above in connection with the contents of the Offering Circular for the purpose of any defence in such context that you may wish to advance in any claim or proceeding in connection with the contents of the Offering Circular. Accordingly, our comfort letter will be addressed to you for that purpose and may not be relied on by you for any other purpose.

7. For the avoidance of doubt and subject to the limitations or exclusions which are contained in or referred to in Paragraphs 8, 9, 27, 32 and 33 of this letter, nothing in this letter shall preclude the Managers from obtaining compensation from us in respect of any liability that the Managers incur to an investor arising out of the contents of the Offering Circular to the extent that such liability arises because the work undertaken pursuant to this arrangement letter or the comfort letter was undertaken negligently.
8. Any comfort letter issued pursuant to this arrangement letter will not have been provided in accordance with the professional standards of the US American Institute of Certified Public Accountants and accordingly should not be relied upon in connection with any obligations or responsibilities that you may have under any legislation, regulations and/or rule of law in the United States and, in the event of any such use in the United States, we accept no responsibility in this regard.
9. Our work and findings shall not in any way constitute advice or recommendations (and we accept no liability in relation to any advice or recommendations) regarding any commercial decisions associated with the Issue, including, in particular, but without limitation, any which may be taken by the Managers (or any person connected to the Managers or any one of them) in the capacity of investor or in providing investment advice to their clients.
10. Our comfort letter will be provided solely for your private information and should not be used for any purpose other than as set out in Paragraph 6. Our comfort letter may not be referred to in any other document (except that reference may be made to its existence in any contract or other communication between the Issuer and/or the Managers, and/or ourselves), nor made available to any other party (except that a copy may be included in the bible of transaction documents memorialising the Issue prepared for the Issuer and the Managers).
11. Nothing in Paragraphs 8 and 10 shall prevent you from disclosing our comfort letter to your professional advisers or as may be required by law or regulation, and/or referring to and/or producing our comfort letter in court proceedings relating to the Issue or the Offering Circular. Provided that you first obtain our prior written consent, you may disclose our comfort letter to third parties where to do so would reasonably be necessary in the interest of a resolution of a dispute with that third party.

12. Other than to those who have validly accepted this arrangement letter, we will not accept any responsibility to any party to whom our comfort letter is shown or into whose hands it may come.
13. You may only rely on information and comments set out in our comfort letter on the basis of this arrangement letter.

Work and Procedures

14. Our work will, where appropriate, be conducted in accordance with *[ASAE 3XXX Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions]*. In other jurisdictions, standards and practice relevant to reporting accountants may be different and may not provide for reporting in the manner contemplated herein. Accordingly, our report should not be relied on as if it had been provided in accordance with the standards and practice of any professional body in any other jurisdiction.
15. We have not carried out an audit examination in accordance with any generally accepted auditing standards of any financial information relating to the Issuer for any period subsequent to *[date of last audited financial report]*. The procedures we will use to perform the work set out in this arrangement letter will not constitute an audit or review made in accordance with any generally accepted auditing standards. Furthermore, they will not necessarily reveal matters of significance with respect to any material misstatement of the information referred to below.
16. The procedures that we plan to conduct have been discussed between and agreed by the Issuer, the Lead Manager and us and will be recorded in the comfort letter itself. If during the course of carrying out such procedures as are planned and agreed upon under this letter, and solely as a result of information provided to us in so doing, we conclude that there has been any withholding, concealment or misrepresentation in relation to such information, (or otherwise we conclude that such information contains an inconsistency which clearly indicates that there may have been such a withholding, concealment or misrepresentation), we will discuss with you whether further procedures can be designed to seek to resolve the matter. Where such procedures are agreed between us, we will carry them out and amend the comfort letter accordingly.
17. We will only carry out those verification procedures expressly provided for in the comfort letter. Accordingly, we make no

Standard on Assurance Engagements ASAE 3XXX
Comfort Letters for Requesting Parties in Connection with International Offerings and Similar International Transactions

representations as to the sufficiency for your purposes of such procedures and, therefore, our responsibility shall be limited to performing the work agreed upon in this arrangement letter and/or recorded in the comfort letter with due skill, care and attention. If we were to perform additional procedures or if we were to conduct an audit or review of the financial statements of the Issuer in accordance with auditing standards generally accepted in [the relevant country], other matters might come to our attention which we would report to you. The procedures to be performed by us should not be taken to supplant any additional enquiries or procedures that may be appropriate in the performance of your role under the proposed offering.

18. In relation to the contents of the Offering Circular, we will address ourselves solely to such financial information in the Offering Circular as is identified in the comfort letter and we will make no representations as to the adequacy of disclosure in the Offering Circular or as to whether any material facts have been omitted by the Issuer.
19. Any opinions expressed on financial information outside the context of this arrangement letter were or are expressed solely in the context of the specific terms and conditions governing their preparation. In particular, the terms of this arrangement letter and any action pursuant to it shall be additional to and shall not detract from or change in any way any legal rights which any party to this letter may otherwise have acquired, whether in contract or in tort, in connection with our audits of the financial statements of the Issuer.
20. Save as may be expressly recorded in the comfort letter, we do not accept any responsibility for any other reports or letters beyond any responsibility that we owed to those to whom our reports or letters were addressed at the date of their issue.

Contents of the Comfort Letter

21. We will prepare and expect to issue a comfort letter addressed to the Issuer and the Managers in connection with their due diligence enquiries in connection with the contents of the Offering Circular on the basis described above. [Based upon our present understanding of your requirements we expect to be able to provide you with a comfort letter substantially in the form contained in Appendix 3, setting out the procedures that we expect to carry out prior to issuing our comfort letter.] Your acceptance of our comfort letter in final

form constitutes your agreement to the scope and extent of such procedures.

22. We would be grateful if you would review the draft comfort letter that we expect to be able to provide you with and let us have any amendments you propose to the procedures as soon as possible, so that we can provide you with a revised draft for your further consideration and approval.]
23. Once an advanced draft of the Offering Circular is available and you have identified, and we have agreed, the detailed financial information whose extraction or calculation you require to be covered in the comfort letter, we will provide you with a further revised draft of the comfort letter for your approval of its scope prior to finalisation.]
24. For the avoidance of doubt, we will not comment on, or otherwise give comfort in relation to, the prospects or trading position or, save as expressly stated in the comfort letter, comment on or provide any opinion or other conclusion as to the current overall financial position of the Issuer.

Drafts

25. During the course of the arrangement we may show drafts of, or report orally on, our comfort letter to you. In so far as any such draft or oral report is inconsistent with the subsequent final comfort letter, it will be deemed to be superseded by such final comfort letter.

Audit Opinion

26. The Issuer may not include our audit opinion in the Offering Circular without our prior written approval.

We [shall answer] [have answered] queries raised at such meetings on an informal basis but you should neither act nor refrain from acting on the basis of such

informal answers unless and until they are confirmed in writing by us, whether in the final comfort letter or otherwise. In the absence of such written confirmation we shall have no liability to you in contract or in tort (including negligence) for our answers.

28. Unless otherwise specifically agreed between the parties, we are authorised by the Issuer to speak to the Managers and other professional advisers advising on the proposed Issue. In connection with our work pursuant to this arrangement letter, we may release to the Managers and such other professional advisers any information relating to the Issuer, whether confidential or not and obtained during the course of our work or otherwise and shall not be liable to the Issuer for any use subsequently made of that information.

Timetable

29. [We will endeavour to carry out our work in accordance with a timetable to be agreed between all parties that will satisfy the requirements of the Issue.]. We [intend to provide] [are providing] you with our comfort letter on the date of the final Offering Circular relating to the Issue and to provide you with an updating comfort letter or to reissue our comfort letter on the date of closing of the Issue. [We will discuss with you any difficulties we encounter with this arrangement or with meeting the timetable as soon as any problems arise.]

The Courts of [specify country (other than the US) whose laws govern the Subscription Agreement] shall have exclusive jurisdiction in relation to any claim, dispute or difference concerning the arrangement letter or any comfort letter and any matter arising from them. In no circumstances shall we be liable, other than in the event of our bad faith or wilful default, for any loss or damage, of whatsoever nature, arising from information material to our work being withheld or concealed from us or misrepresented to us by the directors, employees, or agents of the Issuer or any other person of whom we may make enquiries, unless detection of such withholding, concealment or misrepresentation should reasonably have been expected because the fact of such withholding, concealment or misrepresentation was evident without further enquiry from the information provided to us or required to be considered by us pursuant to the procedures finally agreed upon under this letter. This clause, and any assessment of our work made pursuant to it, will have regard to the limited scope of procedures agreed under this letter.
33. The terms and conditions, which are attached as Appendix 2, also form part of this arrangement letter.
